Acces PDF 5th Grade Fractions Unit Of Study Putting Children First

In the fourth unit for Grade 5, students extend their computational work to include fractions and decimals, adding and subtracting numbers in those forms in this unit before moving to multiplication and division in subsequent units. Students begin learning about fractions very early. In Grades 1 and 2, students start to explore the idea of a fraction of a shape, visually representing halves, thirds, and fourths (1.G.3, 2.G.3).
