language: \* covering art, history and architecture; \* full-colour throughout, with illustrations to inform rather than to decorate: maps, diagrams, floor plans, architectural details, photographs; \* selective listings of restaurants and accommodation.

### *All titles in print - Blue Guides*

The Blue Guides are a series of detailed and authoritative travel guidebooks focused on art, architecture, and (where relevant) archaeology along with the history and context necessary to understand them. A modicum of practical travel information, with recommended restaurants and hotels, is also generally included.

The Blue Guide New York has a ton of information and is very useful to study for the licensing exam.

Manhattan is covered extensively from north to south, east to west - and that's great! However, I am extremely disappointed to find that out of 600+ pages, this book only devotes 9 pages to the Bronx.

The Blue Guide is essential reading for anyone who is serious about learning New York City. Well written and with meticulous research, each neighborhood and district is described, with a brief mentions of historical events important to that neighborhood. It works very well when reading it with Google Earth, a bit slow going, but every building ...

Carol von Pressentin Wright's "Blue Guide to New York" is probably the most comprehensive guidebook to the Big Apple available. Absolutely indispensable, it includes 41 detailed maps for all five boroughs: Manhattan, Brooklyn, the Bronx, Queens, and Staten Island, along with several black and white photographs.
